### DATE TROUBLE!

People who have difficulty re-  
membering dates are in for much  
worse headaches than ever be-  
fore, now that rationing has made  
the "date" all-important.

To make life a little simpler,  
this newspaper runs a tabulation  
of those dates which mean food,  
clothing, tires, and escape of pen-  
alties in this column, each week.

March 16—sugar ration stamp  
No. 12 became valid; is worth  
5 pounds but must last through  
the end of May.

March 21—last day "A" book  
stamp No. 4, good for 4 gallons  
of gas, will be valid.

March 21—Stamp No. 25 in sug-  
ar book, good for 1 pound of  
coffee, expires.

March 22 — Coffee stamp No. 26  
becomes valid for 1 pound of  
coffee.

March 25 — Stamps for the sec-  
ond period in processed food  
rationing may be used, due to  
overlapping period arranged by  
OPA.

March 31—last day to use pro-  
cessed food stamps A, B, and C.  
March 31—inspection deadline for  
"A" book drivers.

April 1—deferments end for men  
of draft age in 29 non-deferable  
occupations.

April 1—Meat rationing begins.  
A, B, C red stamps can be used.

April 15—last day to pay first in-  
stallment state income tax.

May 1—deadline for non-defer-  
able men to get war work or  
fight.

June 15—last day to use Coupon  
17 (in the sugar book) for pur-  
chase of shoes (one pair).

### LIVER AND BACON ROLLS

Simmer 1 pound sliced liver for about 5-8 minutes. Grind liver and combine with ½ cup bread crumbs, 2 tablespoons chopped onion, 1 teaspoon salt, ¼ teaspoon pepper, ¼ teaspoon sage, ¼ cup liquid (milk or water) and 1 egg. Mix thoroughly.

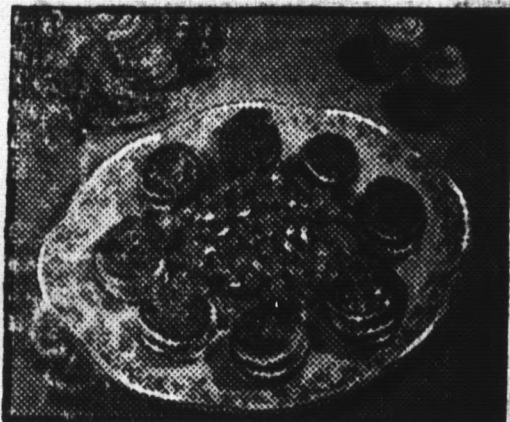

### Making the Rolls

Arrange one-half pound bacon on a piece of waxed paper, slightly overlapping the slices. Spread the liver mixture evenly over the bacon. Roll like a jelly roll so the ends of the slices of bacon are rolled in with the liver.

### Slicing the Roll

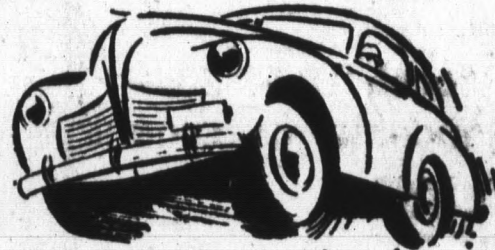

Place wooden picks along the edge of the roll at 1-inch intervals to hold the bacon in place. Slice 1-inch thick. Broil or panbroil slowly until brown on both sides (12-15 minutes).

### The Finished Rolls

Serve hot with lima beans. Fresh vegetable salad is a good accompaniment.

### High School Aids In Victory Garden Plan

"A Victory Garden at every home" is the aim of Principal James Ferguson of Jefferson Union high school, and the school has an expansive Home Products program launched, this year, to further the nationwide drive to offset the national food shortage.

Serving as a model for all students who are raising Victory Gardens at their homes, a large scale garden measuring 30 feet square has been planted on the school grounds at Jefferson high. John Harville, high school biology instructor, is in charge of the garden, which has absolutely every kind of vegetable imaginable. John Parodi, gardener at Jefferson, worked out all the technical details in planting the model garden. Work on the garden, including planting and upkeep, is done by the students in biology classes and the members of the Natural History club. The Victory Garden is located on a plot in front of the gymnasium building of the high school.

The model is used as a "laboratory" for the students planting gardens at home. Another contributing factor to the success of Jefferson's Home Products program is the fact that extra credits are awarded biology students who are raising home products.

An estimated 75 per cent of the students in the biology classes are raising home food products, according to Harville.

### Are You Planning To Convert Your Property?

Louis Lengfield, manager of the San Mateo County War Housing center, yesterday, announced that the quota of 25 privately financed conversions authorized by the N. H. A. for this county applied to other communities in San Mateo county, as well as South San Francisco.

In the assignment of this first group of 25 conversions by private funds, preference will be given to those localities nearest War plants. Daly City people interested in conversion with private funds should contact the Federal Housing administration, 315 Montgomery street, San Francisco, at once.

However, those owners who are interested in public funds conversion and lease to the government should continue to apply to the county war housing center, 1615 Floribunda avenue, Burlingame.

There are big jobs to be done by those of us who are not on the fighting line. The home front offers tremendous tasks just as important as the fighting front.

Food is the invaluable weapon in this war. A starving Army can't fight—neither can hungry civilians supply the guns, tanks and ships and planes so essential to Victory.

In addition to increased acreage which patriotic farmers are valuing in spite of labor shortages, thousands of patches of gardens throughout America are doing their bit in aiding the war effort. Victory gardens are taking some of the weight off the truck farmers, can-

shippers and other essential individuals, thus releasing their efforts for war work. And working in the garden is also making Mr. and Mrs. America stronger and better fit to do other war jobs.

Our community must be cultivated too, or it cannot be a well-regulated and happy place in which to live while doing our part to win the war. Patronizing local institutions, paying taxes, buying all War Bonds possible, making our homes lovely and livable, and ourselves each day more cheerful and neighborly, are seeds of Victory each one of us can plant to grow a community that will be loaded down with a harvest of prosperity and good fellowship!

### Practical Wartime Party Ideas

There's no need to forego parties during these trying times. They are good for the morale, and they can be designed so that they are easy on the hostess. Keep everything simple from decorations through dessert. They may even be one of those share-the-food-and-fun parties where everyone contributes a part of the food. Of course, at any party these days, the perfect guest brings his or her own coffee, sugar, and butter.

#### ST. PATRICK'S PARTY

Make it a buffet affair. For an effective table decoration, color the water for ice cubes green with vegetable color. Freeze, and just before serving, heap the cubes in a glass or crystal bowl and stick flowers between the cubes. Only a few flowers are needed, because the little blocks of emerald catch the eye.

#### ST. PATRICK'S DAY MENU

\*Potato Surprise  
Cabbage-Apple Salad with Salad Dressing  
Corn Meal Muffins  
Butter or Substitute  
Lemon Meringue Tarts  
Coffee or Tea

(Ask your friends to bring their share)

\*For Potato Surprise, scrub well, cut a lengthwise hole through each of them with apple corer, fill with nippy cheese or seasoned ground meat, plug up holes and bake. Serve piping hot.

#### DRAFTEE PARTY

Send invitation out in form of induction notices. When guests arrive, let each one draw the job he is to do out of a goldfish bowl, or hat. When mess call comes, each one does the job assigned to him, such as serving the main course, carrying out the dishes and so on through K. P. duty. This is the kind of party where everyone can sit around on the floor and eat, picnic fashion.

Revive all those old party games and give them a wartime slant such as pinning the tail on Hitler instead of the donkey. You can have a metal or rubber scavenger hunt. For prizes—Victory Stamps.

#### DRAFTEES' MESS

Baked Navy Beans  
Toasted French Rolls  
Mixed Green Salad Carrot Sticks  
Applesauce Shortcake  
Coffee or Tea

(Ask your friends to bring their own.)

#### REFRESHMENTS FOR TOTS TO TEEN-AGE PARTIES

\*Gelatin Gems  
Crisp Ginger Cookies or Hot Gingerbread  
Hot or Iced Chocolate or Lemonade

Salted Nuts Hard Candies

\*For Gelatin Gems, mold flavored gelatin in a shallow pan (use green gelatin for a St. Patrick party). When firm, cut in small cubes and roll them in dry cake crumbs. They're a French pastry elegance.

## Have You Been Wondering When Your "V" Tabs Would Get Here? Maybe May!

Some car owners probably will not receive their 1943 "V" tabs for placing on the old license plates until well into May, the California State Automobile association said, today, in a report counselling patience over the delay.

Reasons why many car owners have not yet received their tabs from the State Department of Motor Vehicles were declared to be the following:

Delay in delivery of metal tabs by the manufacturer, now not ex-

pected to be completed before the end of March.

A rush of approximately one million renewal applications by mail during the closing days of the period, which ended February 4.

Limited Department manpower to handle the work.

Pending delivery of tabs and new registration cards car owners were advised to safeguard the blue receipt given to them when they paid their 1943 renewal fees.

### SHARE YOUR CAR

Wasted money is wasted lives. Don't waste precious lives. Every dollar you can spare should be used to buy War Bonds. Buy your ten percent every day.

INSTRUCTIONS.—To find the Point Value of an item:  
1. Find out the net weight of the contents (from the label, if any).  
2. In the line across the top of the chart, showing the weight in ounces and pounds, find the column in which this weight appears.  
3. Find the item in the listing of items in the column on the left.  
4. The POINT VALUE of the item appears on the same line as the item and in the column listing the correct weight.  
All Point Values must be determined by weight. If no weight is marked on the item, the item must be weighed.  
In finding the Point Value of a container where contents are given in field notes, consider the field notes to be the same as the corresponding weight notes. One pint is one pound; one quart is two pounds.

The Point Value of any item weighing over four (4) pounds shall be arrived at by multiplying the number of pounds of that item by the Point Value per pound of that item as given in the "Per Pound" column. Fractions of a pound should be figured in quarter-pounds. Fractions of a quarter-pound should be figured in the next higher quarter-pound. Thus, an item weighing 4 pounds 5 ounces would be considered as weighing 4 pounds 12 ounces for the purpose of getting the Point Value of that item.
